Open in Safari on iPhone or iPad to install

1. Getting Started

Coach Stats is a Progressive Web App (PWA) for GAA and LGFA football coaches, analysts and managers. It runs in your browser and installs to your home screen like a native app.

App URL

<https://coachstats.app/app>

The main website is at <https://coachstats.app> — tap Get Started Free or Sign In to access the app.

Installing on iPhone / iPad

Note: You must use Safari. Chrome and Firefox do not support Add to Home Screen on iPhone or iPad.

1. Open Safari and go to <https://coachstats.app>
2. Tap Get Started Free — this takes you to the app at coachstats.app/app
3. Tap the Share button at the bottom of Safari (box with arrow pointing up)
4. Scroll down and tap Add to Home Screen
5. Tap Add — Coach Stats appears on your home screen

Tip: The install prompt appears automatically on the login screen with step-by-step instructions.

Creating an Account

6. Open the app — the login screen appears
7. Tap the Register tab
8. Enter your name, email address and password (min. 6 characters)
9. Tap Create Account
10. Check your email inbox for a confirmation link from hello@coachstats.app
11. Tap the confirmation link — you can then sign in

Note: Check your spam or junk folder if the confirmation email does not arrive within 2 minutes.

Subscription Plans

Plan	Monthly	Annual	Best for
Individual	£5 / month	£50 / year	Single coach
Club	£10 / month	£90 / year	Multiple coaches

New accounts get a 30-day free trial with full access. No credit card required to start.

Managing Your Subscription

Tap the  Account button in the top right corner of the app to open Account Settings. From here you can:

- Tap  Manage Subscription — opens the Stripe billing portal to cancel, update payment or view invoices
- View your current subscription status and renewal date
- Access Privacy Policy and Terms of Service
- Delete your account and all data

2. App Layout

Bottom Navigation — 6 Tabs

Tab	Name	What it does
	Match	Set up teams, competition, venue and control the clock
	Record	Record all match events — green column = Home, white column = Away
	Trends	Live charts — possession, score trend, momentum
	Squad	Players, training, wellness, trials, team sheet
	Stats	Full match stats, shot map, match notes, save match
	History	All saved matches, fixtures, season summary, opposition DB

Top-Right Buttons

Button	What it does
	Club — create or join a club, manage coaches
	Help — quick reference guide
	Event Settings — customise events and performance scores
 Account	Account settings, subscription management, delete account
	Sign Out

3. Match Tab — Setting Up a Game

Setting Up Teams

- 12. Tap the Home button → search by county or club name → tap to select
- 13. Tap the Away button → repeat
- 14. Tap the competition button — recent picks shown at top
- 15. Set venue and date if needed
- 16. Tap  Start Game — clock starts, Match Info collapses

Game Clock Phases

Phase	Button
Before kick-off	 Start Game
1st half running	 Half Time
Half time	 Start 2nd Half
2nd half running	 End Game

4. Record Tab — Recording Events

Home / Away Layout

The Record tab has two columns — green (Home) on the left and silver (Away) on the right. Team names appear in a header bar once set. Tap the correct team's button for every event.

Recording a Shot

17. Tap the correct team's Shot from Play or Shot from Free button
18. Select the outcome: Point / Goal / 2 Pointer / Wide / Short / Saved / Blocked
19. Optionally tap a zone on the pitch grid or Skip Zone
20. The tally updates and the event is recorded

Tagging Events to Players

21. Tap an event button — the outcome panel slides up
22. Tap a player name at the bottom of the panel BEFORE selecting the outcome
23. Then tap the outcome — the event is linked to that player

Substitutions

Tap the Substitutions heading to expand the section. Tap + Record Substitution, select the team, minute, player coming off and player coming on. Substitutions appear in the stats table, timeline and PDF report.

Discipline

Tap the Discipline heading to expand. Record Foul Given (Shooting/Cynical/Dangerous/Dissent) and Cards (Yellow/Black/Red). Always tag cards to a player.

5. Stats Tab

Viewing Stats

The Stats tab shows the full match statistics comparison. The heading shows Live Match during a game or the match name if a saved match was loaded.

Match Notes

Below the stats table is a Match Notes text area. Type any tactical observations or coaching notes — they auto-save as you type (800ms debounce). Notes are saved with the match and can be viewed or edited from History.

Shot Map

Tap  Shot Map to show a pitch diagram with all shots plotted as coloured dots at their zone location. Filter by Home/Away and Play/Free. Tap any dot to see player, outcome and minute. The shot map is included as a half-page inset in PDF match reports when zone data is recorded.

Dot colour	Outcome
Dark green	Goal
Bright green	Point
Red	Wide
Amber	Short
Blue	Saved
Purple	Blocked

Saving a Match

Tap Save Match — the banner turns green to confirm. The match syncs to your account and appears in History.

| **Tip:** Save the match as soon as possible after the final whistle before closing the app.

6. Squad Tab

Managing Players

Squad sub-tab shows a 34-slot grid. Tap any slot to add or edit a player. Attendance badges (green/yellow/red) appear on each slot based on training attendance. A red dot in the top-left corner indicates an active injury.

Injury Log

Squad → Training → Players → tap any player → Injury Log section → + Log Injury. Enter injury type, date of injury, expected return date and notes. Tap ✓ beside any injury to mark it as Recovered. Active injuries show a red badge on the squad grid slot.

Training Sessions

24. Training → Sessions → + New Training Session
25. Set date and optional label
26. Mark each player:  Present ·  Absent ·  Injured ·  Sick ·  County
27. Add optional notes per player → Save Session

Wellness Dashboard

Training → Sessions →  View Readiness Dashboard. See all player wellness check-ins for today. Each player shows average score (green/amber/red) and individual metric chips.

To send a player self-report link:

28. Tap  Copy beside the link
29. Paste into your squad WhatsApp group
30. Players tap the link — no login needed — and submit 5 wellness metrics (1–5)
31. Scores appear in your Readiness Dashboard automatically

7. Trial Tab — Player Trials

Running a Trial

- 32. Squad → Trial → + New Trial → name, date, season
- 33. Trialists tab → + Add Trialist → name, position, age group
- 34. Sessions tab → + New Session → grade 1–10, Invite Back, notes per trialist
- 35. Rankings tab → sorted by average grade across all coaches
- 36. Tap any trialist → set Final Decision → Promote / Hold Over / Release

Multi-Coach Grading

Every trial session has a 🏠 share button. Tap to copy a link and share with co-coaches via WhatsApp. Co-coaches open the link on their phone, enter their name, grade all trialists and submit. The head coach taps ↺ Sync Co-Coach Grades to pull in all submissions. Rankings include all coaches' scores automatically.

8. History Tab

Match Cards

Button	What it does
 Full Stats	Detailed stats including video tags
 Report	PDF match report
 Share	Share match summary via iOS share sheet (WhatsApp, email etc.)
 Video	Opens Video Analysis for this match
 Scout	Opens scout report for this match's opponent
 Notes	View and edit match notes
 Reload	Loads match back into the live tracker
 Delete	Permanently removes the match

Season Summary

Tap  Season Summary — select season and optional team filter. Shows W/D/L record, KPI tiles, results table and top performers. Tap  Generate PDF Report for a printable management summary.

Fixtures

Tap  Fixtures — add upcoming matches with date, time, opponent, competition, venue and Home/Away/Neutral. Fixtures show a ✓ Match recorded badge when linked to a saved match.

Opposition Database

Tap  Opposition DB — automatically built from your match history. Every opponent listed with W/D/L record. Tap any club to see their full profile — match history, scout reports and persistent club notes.

9. Video Analysis
